Exterior Shell
Cleaning
Drain Hose
Straighten Fins

- Ouellet Canada reserves the right to require approval before any work covered by the warranty is performed.
- The retailer agrees to submit any claim within sixty (60) days of performing the work.
- Parts handling allowance is \$35.00 per replaced part. For related work, the \$35.00 handling allowance can only be claimed on the primary part.
- Reimbursement of liquid refrigerant is fixed at \$20.00 per pound.
- An allowance of 3 hours per claim is provided to diagnose the problem and put the system in vacuum if necessary.
- An hourly rate of \$85/hour is allocated for repairs of Ouellet heat pump systems under warranty.

* Vacuuming and refrigerant recovery time is included in the time allowed.
